Aberhart
In Power
One Year

One year ago today, on August 22, 1935, at a provincial general election, the eighth Alberta legislature was elected and Premier William Aberhart, as leader of the Social Credit party, was sworn into office at the head of the largest group ever to govern this province. Of the 63 seats, the Social Credit party won 56. The Liberals won five seats and the Conservatives two. Today, the Premier and his followers look back on a year of government.

"As I look back over the year now past I realize that we have made more progress than was anticipated, largely due to the continued suffering and great need of our people and the consequent need of definite action," declared the Premier in recalling events of the year.

Premier Aberhart and his cabinet were sworn into office on Sept. 3, with legislative sessions packed the largest assemblage of spectators ever to witness such a ceremony in this province. Long before the hour set for the swearing-in ceremonies, the galleries were packed and all standing room in the corridors was occupied.

Almost immediately, steps were taken to start works moving to supplement Social Credit plans. Negotiations were opened with the United Fruit Company and these negotiations, which were carried on for several months, were continued on Sept. 3.

The operation was performed by Dr. Sweeney. Nineteen surgeons aboard the Canadian Pacific liner, the windmill of an automobile in the Aspres while the McIntosh was docked there.

The injured passenger was hurried back to the ship. "I was once my life to Dr. Sweeney," the newspaper quoted Miss Brothwood. "I remember nothing of the accident, but my recovery is a miracle."

Three Killed In B.C. Accident
SUMMERLAND, B.C., Aug. 22.—Three persons were killed and one seriously injured when an automobile plunged over an embankment near here today.

The dead are Mrs. M. H. Bradbury and Mrs. and Mrs. John L. Bradbury. William Hill, the injured man, is expected to recover. A motorist was driving the car.

Hardy Brent, Shined King's Shoes, Dead
DIGNBY, N.S., Aug. 22.—Hardy Brent, who shined the shoes of the late King, died yesterday. He was 80 and had been a bootlicker for 40 years.

Quints Salary On Film
Just Starting Will Be \$2,777 for Each Minute
CALLANDER, Ont., Aug. 22.—Strict privacy such as shields the most intimate live scenes in Hollywood studios today was assured the Quints quintuplets, screen emulating in their current starring vehicle "Reunion".

The quint salary per minute for their actual time on the screen is approximately \$777.77. Barricades of canvas and pine and gravel hid the house, which occupied portions of their back yard formerly visible from the roadway.

It isn't that Jean Harlow, Richelle Munn, and the other players mind being watched by any part of the quint's daily life list of all the minutiae of their lives. Alton Dufosse has any objection.

THE SOUND MAN
It was the sound man who complained. Whenever Cecil, Yvonne, Marie, Annette or Emilie got into the middle of a big dramatic moment the involuntary "oh," "ah," and "aren't they just adorable!" from the persons jammed against the outer fence drowned out the expensive dialogue of the two-year-old stage.

Germans
Russians
Snarling

BERLIN, Aug. 22.—Germany's relations to Moscow and Madrid against Anti-German "calumnies" allegedly broadcast by Soviet and Spanish Loyalist radio stations today was followed by an announcement that the protest will serve as a basis "for any measures that may prove necessary if the German government is not heeded."

Chancellor Hitler's Weiskercher-Brocher stated that "the energetic protest shows clearly Germany will by no means permit itself to be provoked by the provocations of the Jewish press and the Jewish agitators."

The Berlin Tagblatt declared: "The details of the German government is based on the opinion and the really explained by the Soviet propaganda which has been deftly related to certain German personalities. The diplomatic mission of the German government in protecting its rights and interests is clearly and greatly opportunities to show the Soviet government and its allies in their true light, more and for all."

The Preussische Zeitung asserted that the Soviet Union now has 40 powerful submarines in the Baltic and is building up a fleet of minesweepers "designed as destroyers. This is evidence that the Red republic is preparing for an offensive war, the newspaper said."

CANADA GAINS
HEAVILY FROM
U.S. TREATIES

Produce Movement From This Country Up 23 Per Cent, in Six Months
WASHINGTON, Aug. 22.—Economists of the United States government reported today that the movement of farm products to and from Canada had jumped 24 per cent in the first six months of the reciprocal trade treaty.

An analysis prepared by the agriculture department's bureau of foreign crops and markets showed the percentage of increase for exports of farm products to Canada for the first six months of the reciprocal trade treaty.

BRITISH FACT
The trade figures were made public today after the Secretary of Commerce Roger forecast negotiations for a trade agreement with Great Britain. Returning from Europe, Roger said the British trade agreement has been "British attention."

The citrus industry in this country and cattlemen in Canada were said to be chief beneficiaries in agricultural trade between the two nations.

Exported exports to Canada for the first six months of this year were \$25,468,000 compared with \$20,545,000 for the first half of last year, a gain of \$4,923,000 or 24 per cent.

FARM PRODUCTS
Farm products which came from Canada to the United States in 1936 were valued at \$33,954,000, compared with \$28,596,000 in 1935, a gain of \$5,358,000 or 18.7 per cent. Non-agricultural products from Canada were valued at \$1,100,000 for the first half of last year to \$1,100,000.

BISHOP ARSENY
PREACHES HERE

Thousands of adherents of the Russian Greek Orthodox Church will gather in Edmonton Sunday to pay homage to Bishop Arseny, head of the church in Canada and Alaska, who arrives here today on his annual pilgrimage. He will spend the day in the city Sunday morning following which he will visit parishes in the northern section of the province.

Bishop Arseny will attend the annual service of the Holy Trinity church in Edmonton Sunday to celebrate the founding of the first Russian colony in North America. The Shandro church was built 35 years ago. Each year since an annual pilgrimage to this shrine has been undertaken by followers of this religious faith.

Tweedie Refuses
Snap Judgment
In Scrip Lawsuit

Possibility of legislative action to empower the City of Edmonton to accept prosperity certificates despite an adverse finding of the court was foreshadowed Friday when Hon. J. W. Huggill, K.C., attorney general, requested Mr. Justice Tweedie to bring down an immediate finding in the hearing of the action brought by Ronald H. Watson, local mining engineer, restraining the city from accepting prosperity certificates in lieu of cash relief grants.

Just before adjournment Hon. Mr. Huggill rose and asked that an immediate judgment be given in the case. He said it was an important matter which should be decided at once so that legislative work be not interfered with. He threatened that if a satisfactory judgment was not given very soon he would have to go to the legislature to settle the question.

Charges Conspiracy

Earlier in the afternoon he told the court that the will of the people was more important than the law of the land. Three times during the session he rose to tell the court that an immediate decision was imperative. Three times he intimated and once openly charged that the action was but a conspiracy to delay the working of social credit legislation. He concluded by telling the judge, in a voice that thundered louder than the court, to use his power to grant the injunction was dismissed he would seek his remedy in the legislature.

Mr. Justice Tweedie, sitting erect at his bench, informed the court with all the dignity of his person and position that he did not intend to be forced to make a snap decision by any person or persons.

"This is a very important matter," said Mr. Justice Tweedie, "and I do not believe that I will be doing my duty were I to give a hasty decision. When I give my judgment, written or otherwise, I intend to have reasons for my faith. As Mr. Field has pointed out, our present monetary system has survived for hundreds of years, and is not a thing to be dismissed at a moment's notice."

Needs Careful Thought

"There are many points that have to be considered, given careful thought. If so the attorney general states, there is suffering present among the people, let him give the city some of the \$55,000 to relieve it. But I do not think that is the case," concluded Mr. Justice Tweedie as he ordered the court adjourned till Wednesday morning, August 27.

Interest in the hearing appeared to be just as keen at the afternoon session as during the morning. There was not a vacant space in the court room, with many waiting outside for spectators to leave.

That prosperity certificates were issued to function as money was contended by S. W. Field, K.C., supporting his contention from the preamble of the agreement to be entered into between the city and the province.

This stated they should be issued to relief workers, and for such relief projects as would be undertaken for the relief of the unemployed.

MINERS' END
TOLD BY ONE
OF SAVED DUO

Survivor Tells Harrowing Story of Death of His Companions
MOOREVILLE, Mo., Aug. 22.—Two coal miners—one of them reportedly the worst for his three-day ordeal—were rescued alive yesterday from a gas-filled tunnel in which four were impaled by a mine collapse Tuesday afternoon, but death had taken their companions.

"Here I am boys. I can take it," cried the old miner, S. W. McCann, oldest of the entombed miners, as rescue workers wormed their way through a debris-punctured mine shaft into the tunnel prison of the quartet.

OWNER VICTIM
His living companion, Denner Sexton, rescuer of the mine, was mangled unconscious at his feet. The other, Edward Stoner, Jr., 38, and George T. Moore, 27-year-old negro, had been in the mine at the rear of the 200-foot tunnel—victims of death while the rescue was in progress.

The rescue was completed as weary miners picked their way through the last of the tangled mass and cleared a small opening into the fresh air.

About two and one-half hours after the rescue, Ed Stoner, Jr., died. McCann, "The old miner," died Sunday. "The miner" died Sunday. "The miner" died Sunday. "The miner" died Sunday.

WES FERRELL
FINED \$1,000

NEW YORK, Aug. 22.—Joe Cronin, manager of the Boston Red Sox, today declared the \$1,000 fine levied by the National League for the Red Sox for the "babe" Ruth home run in the 1919 World Series was "a disgrace."

WOMAN HAS 6
CHILDREN BUT
5 STILL-BORN

GLASGOW, Aug. 22.—Scottish League football games played today resulted as follows:

Doctor Says All Would Have Lived if Mother Strong Enough
MENDON, Mo., Aug. 22.—The only survivor among six babies, an apple-cheeked baby girl, died happily today in a slender farm woman who, according to the family physician, might have had six live babies had her health been better.

Two weeks ago, Mrs. Adeline Speichner, 36, already the mother of nine children, gave birth to the six-five still-born, but the news was slow in spreading through the countryside.

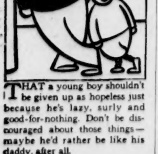

FEARED DEATH
"Marjorie Louise was born about one o'clock in the afternoon," related 80-year-old Dr. William B. Lucas.

"The mother began to sink and I feared for her life. I called my son, Dr. John H. Lucas from his home in Brookfield. A short time later the five other babies were born. Marjorie Louise, weighing 10 pounds, was about a week premature but she was normal in every other respect. All six might have survived if Mrs. Speichner had been in better health."

SHE RALLIED
"The condition of the mother became so critical that the Rev. John G. Givens of New Brunswick was called. The Catholic priest was prepared to administer 'extreme unction.' Then Mrs. Speichner rallied."

Sports Writer Dies
LONDON, Aug. 22.—J. A. H. Cullen, one of the best known sports writers in England, died today. He was editor of the Athletic news for many years.

I Always Say—
(Sex Gracie Allen)

That a young boy shouldn't be given up as hopeless just because he's lazy, surly and good-for-nothing. Don't be discouraged about those things—maybe he'd rather be like his daddy, after all.

Old Country
Football

GLASGOW, Aug. 22.—Scottish League football games played today resulted as follows:

SCOTTISH LEAGUE
First Division
Aberdeen 2, Dundee 0
Dundee 2, Celtic 0
Celtic 2, Rangers 0
Rangers 2, Hearts 0
Hearts 2, Hibernian 0
Hibernian 2, Motherwell 0

Rangers 2, Glenamara 0
Clontarf 2, Newry Town 0
Glenamara 2, Ards 1
Ballymena 2, Coleraine (postponed)

SIBBALD MAN
SUCCUMBS TO
AWFUL BURNS

BENTON, Alta., Aug. 22.—His hands almost burned away, and suffering terrible first degree burns on other portions of his body, Piranai Potts of Sibbald, Alberta, died in hospital in Edmonton today.

Potts, a bachelor, who came here from Virginia, was filling a lighted lamp and it exploded. The explosion killed him and who found lying on the floor of his burning home by neighbors he was almost cremated. Ruined to Alaska in an effort to save his life the shock of the explosion and the subsequent burns proved too much for him and he died on Friday.

DOYLE, ALLEN
DROP DIVORCE

HOLLYWOOD, Aug. 22.—Judith Allen and Jack Doyle's hearts beat as one today and the brunette actress asked her lawyer to drop her divorce suit against the singing Irish pugilist.

She started the action early this month while Doyle regrettably admitted, "I am the one to blame." His petulant mood brought her suit.

Where Jack will lawyer to drop her divorce suit against the singing Irish pugilist.

ALBERTA PATTERNS DISCOMFORT IN TALK OF "BIG" WAR

Steady Markets in England Good Sign To U.S. Treaties

CANADA GAINS HEAVILY FROM U.S. TREATIES

Continued from Page One

Non-agricultural products moved into Canada were \$130,344,000 for the first half of this year and \$116,322,000 in 1935, an increase of \$14,022,000, or 12 per cent.

TOTAL GAIN

The total gain in movement of all goods from this country was 23 per cent, compared to 22 per cent last year for Canada.

The gain in movement of farm products from the United States to Canada was evenly split between commodities upon which duty was reduced by the pact and those on which no changes were made.

However, the Canadian increase was widely, with reduced duties on agricultural products gaining 66 per cent and those on which duty was unchanged 19 per cent.

OTHER INCREASES

Other increased exports from this country with the first half of this year compared to the first half of 1935 were: Wheat, \$2,385,000; corn, \$225,000; soybeans, \$100,000; and other grains, \$83,000 and \$100,000; cotton, \$207,000 and \$100,000; dried fruit, \$176,000 and \$130,000; fruit, \$150,000 and \$99,000; juices, \$100,000 and \$75,000; and other foodstuffs, \$222,000 and \$215,000.

Canadian cattle and calves accounted for the biggest gain in imports with \$180,000 had valued at \$180,000 for the first half of this year against \$120,000 valued at \$120,000 last year. However, it was explained that quotas on reduced duty cattle imports, fixed at 100,000 for the first half of 1935-36, have almost been exhausted.

PERCENT

Imports on calves under 175 pounds now 88 per cent filled for the year while the quota on cattle over 700 pounds was 80 per cent exhausted on August 15.

Other gains in imports from Canada with the first half of this year compared to the first half of 1935 were: Wheat, \$2,385,000 and \$2,385,000; corn, \$225,000 and \$225,000; soybeans, \$100,000 and \$100,000; and other grains, \$83,000 and \$100,000.

Decreases were noted in imports of hay, oats and grain and forage feed.

Board Members

To Serve Gratis

Members of the recently appointed provincial advisory board, under regulations drafted as a result of passage of the retail master code will receive no salaries or other remuneration for their services.

The Minister said that members would receive expenses only when called to meetings, for which travel was necessary.

The first meeting probably will be called next week or the week thereafter, to carry out organization work.

In Shanghai, along the famous Bund, or boulevard, land is worth \$400,000 an acre.

policy of intervention if Madrid continues to receive asserted outside aid.

Germany, Britain Approval Sought

By the Associated Press

The way for Germany's entrance into the general European agreement in the Spanish civil war was opened today by the Madrid governments' willingness to settle immediately the German incident.

Augusto Barria, Spanish minister of state, declared that the Spanish government had accepted the German government's offer to settle the Spanish incident.

Meanwhile, it was reported in official London circles that the Madrid government had assured Great Britain that it did not propose to resume its asserted right to search the carrying supply of the rebels.

The question of a blockade within Spanish territorial waters was said to be still under discussion.

Madrid Again Faces Capture

PAMPLONA, Spain, Aug. 22.—

The vanguard of southern rebel troops has reached the outskirts of Pamplona, 30 miles from Madrid, on the main highway to the north.

Petition Protests Business Block

Objections to further business buildings being erected on 28 avenue a petition was filed by Miss R. G. Murphy with the city commissioners on Saturday morning. The petition carries the names of every resident on 28 avenue.

On Thursday last the lay-out committee of the city council approved the petition and the city council on Saturday morning. The petition carries the names of every resident on 28 avenue.

The petition from residents on the avenue will be presented to council at Monday's meeting.

COST GIVEN OF HIGHWAYS

Expenditure of \$807,000 and construction of 184 miles of highway has been a feature of the provincial highway program this year, under terms of the Dominion-Provincial agreement, Hon. Charles C. Doherty, provincial treasurer, stated on Saturday.

The Dominion government pays 80 per cent of the costs of the projects.

The construction of 30.1 miles of the trans-Canada highway from Morley to Banff accounted for \$700,000, and the construction of 11.3 miles of highway, 31.48 miles, between Carleton Place and St. Catharines, and the Edmonton-Wetaskin section is costing \$286,000.

A total of \$807,000 is being expended on the Slave Lake division of the Peace River highway, a distance of 11 miles.

A 12 mile stretch between Okotoks and High River cost \$180,000, and a 24.9 mile section from Lethbridge to Iron Springs cost \$93,800.

The cost of the breakdown, this figure being arrived at by assuming \$300,000 for repairs to the station and an additional \$100,000 as a good-will offer. This was as far as the company felt it could go.

After some alterations present had expressed the view that a more liberal settlement might be arranged, Mr. Brown said that he felt the company had gone as far as it could go, and the matter was taken for consideration by the directors.

The outbreak was the second involving the Brethren in little more than a year. One man was shot and scores injured in July, 1935, after the Nazi flag was torn from the liner's bow and tossed into the Hudson river.

Parishioners Facing Vegetable Shortage

PARIS, Aug. 22.—Paris was threatened with a shortage of vegetables and fruit tonight when 6,000 truck-garden employees agreed to go on strike if a reduced wage scale was put into effect by employers.

PROSECUTIONS ASSAILED AS ULTRA VIRES

PAPER INTENDED TO BE USED AS MONEY, COUNSEL CONTENTS

CONTINUED FROM PAGE ONE

of unemployment in Edmonton. He contended this was ultra vires of the legislative powers of the province, as the sole power to issue money was vested in the Dominion parliament under the provisions of the British North America Act.

"Pleadings Faulty"

Counsel supporting the agreement moved that the injunction be dissolved on the grounds that the pleadings were faulty. Mr. Wilson, K.C., asserted that one clause in the statement of claim was not in accordance with fact, and therefore, under previous findings of the supreme court of Canada and of the Alberta courts, gave cause for the injunction to be dissolved.

He also urged that as no loss had been sustained by the plaintiff he could not succeed with the action. The portion of the statement of claim not in accordance with fact was that which purported there was an agreement between the provincial and federal governments under which the province was compelled to hand over certain monies earmarked for relief purposes to cities.

No such agreement was in existence, he stated, and produced an affidavit from Hon. Charles Cockroft, provincial treasurer, supporting this contention. "It is a pity these points had not been raised at the outset of the hearing," stated Mr. Justice Twiesie, "as they give me great food for thought."

VALIDITY ATTACKED

Mr. Field, K.C., attacked the validity of property bonds on the grounds that without stamps they were not valid and therefore ultra vires of provincial legislative authority.

G. B. O'Connor, K.C., will continue argument after Mr. Justice Twiesie has heard representative from counsel in rebuttal to representations made by Mr. Field, supporting the agreement for dissolution of the injunction.

Continuing his argument Mr. Field submitted exhibits showing the rights of the Dominion and provincial governments relative to the issuance of money. Under the British North America Act, he contended, the right to issue money was vested in the Dominion, the issuance of any form of scrip to be circulated in the manner of currency would therefore be ultra vires of the provincial legislature.

OFFEND BANK ACT

He claimed that property bonds issued against the bank act. Their use was the same as Dominion dollar bills, and on one side there was a resemblance to the instrument. He contended that a property certificate could be easily passed as a bank bill.

There was no doubt the property certificates were meant to circulate as money. The very preamble of the Dominion Measures Act which stated that the present monetary system was obsolete and that indication, it was significant that no other provision had attempted such a scheme, he argued. It was "very evident they had not done so," he contended, and therefore did not attempt such action.

Mr. Field said the reason for vesting the sole power to issue money in the Dominion was to make it possible to have a medium of exchange that would be readily acceptable in all provinces of the Dominion. He defined money as a commodity that passed freely from hand to hand being accepted readily in payment of bills and in the purchase of commodities without depending on the credit of the person tendering it.

TO PEOPLE ON RELIEF

These property bonds are being issued to the city by the Dominion government, he contended, to be taken in exchange for utility service. They are to be used as a substitute for money, and as such contravene the British North America Act.

He contended that if the province was permitted to issue these certificates there would be three types of currency in Alberta, that issued by the Dominion government, that issued by banks under power vested in them by federal legislation, and property certificates issued by the province.

THE PROVINCIAL INSTITUTE of TECHNOLOGY and ART

Calgary, Alberta
A Government School

Conducted By the Department of Education
CLASSES OPEN SEPTEMBER 28th, 1936

1. DAY COURSES—Electricity including Radio, Motor Mechanic including Welding, Carpentry and Lumber, Volcanizing, Painting and Body Work, Machine Shop Practice, Acetylene and Electric Welding, Survey Drawing and Mechanical Drafting, Building Construction, Aeronautics, Farm Mechanics, Industrial Tractors, Diesel Engines, Blacksmithing, Building Construction, Cement Work, Special Diesel Engine courses for very moderate fees.

Dressmaking and Millinery including Home Economics, Costume Design, Drafting from figure, Tailoring, Art (line and applied) and design from objects, line, landscape, using pencil, crayon, past watercolors, paints, Design, Batik, Wood-carving, Clay modelling and glazing, Stained Glass, Leather-working. Special opportunities for special students.

Fees are nominal, \$35.00 for eight months including deposits.

2. HOME STUDY COURSES are offered in Steam Engineering, Coal Mining, Surveying, Mechanical Drafting, Elementary Art.

WRITE FOR PROSPECTUS

HON. WM. ABERHART Minister of Education

W. G. CARPENTER, Principal

\$100,000 FIRE PERILS TANKS

KIRKLAND LAKE, Ont., Aug. 22.—Fires after a four-hour battle early today saved six large oil and gasoline tanks from being completely destroyed. The Valley Furniture warehouse and Delema's lumber yard causing loss estimated at \$100,000.

If the fire had reached the tanks, Chief Muhius estimated the lower part of the town would have been flooded with flaming oil and gasoline.

Majority Knifed

QUEBEC, Aug. 22.—Official recount in 121st county today gave Union Nationale candidate, Joseph Blouin, a majority of 20 votes over Premier Adolphe Godbout received 2213 votes as compared with the 2193 of Mr. Blouin. The Union Nationale candidate's majority was first reported.

ment of counsel had given him considerable food for thought.

Speaking with provincial legislative power to do so.

Conceding his argument, Mr. Justice Twiesie asserted that the proposed agreement between province and Dominion was not in accordance with fact, and therefore, under previous findings of the supreme court of Canada and of the Alberta courts, gave cause for the injunction to be dissolved.

He also urged that as no loss had been sustained by the plaintiff he could not succeed with the action. The portion of the statement of claim not in accordance with fact was that which purported there was an agreement between the provincial and federal governments under which the province was compelled to hand over certain monies earmarked for relief purposes to cities.

No such agreement was in existence, he stated, and produced an affidavit from Hon. Charles Cockroft, provincial treasurer, supporting this contention.

Continuing his argument Mr. Field submitted exhibits showing the rights of the Dominion and provincial governments relative to the issuance of money. Under the British North America Act, he contended, the right to issue money was vested in the Dominion, the issuance of any form of scrip to be circulated in the manner of currency would therefore be ultra vires of the provincial legislature.

He claimed that property bonds issued against the bank act. Their use was the same as Dominion dollar bills, and on one side there was a resemblance to the instrument. He contended that a property certificate could be easily passed as a bank bill.

There was no doubt the property certificates were meant to circulate as money. The very preamble of the Dominion Measures Act which stated that the present monetary system was obsolete and that indication, it was significant that no other provision had attempted such a scheme, he argued. It was "very evident they had not done so," he contended, and therefore did not attempt such action.

Mr. Field said the reason for vesting the sole power to issue money in the Dominion was to make it possible to have a medium of exchange that would be readily acceptable in all provinces of the Dominion. He defined money as a commodity that passed freely from hand to hand being accepted readily in payment of bills and in the purchase of commodities without depending on the credit of the person tendering it.

These property bonds are being issued to the city by the Dominion government, he contended, to be taken in exchange for utility service. They are to be used as a substitute for money, and as such contravene the British North America Act.

He contended that if the province was permitted to issue these certificates there would be three types of currency in Alberta, that issued by the Dominion government, that issued by banks under power vested in them by federal legislation, and property certificates issued by the province.

GOT LEGAL TENDER

Mr. Justice Twiesie interjected that what was shown by the statement of claim was that the province got \$55,000 legal tender in exchange for property certificates that may or may not be able to purchase one cent worth of the necessities of life.

An affidavit was submitted by Mr. Wilson, sworn to by Hon. Charles Cockroft, purporting that no agreement existed between the federal and provincial governments under which the province was compelled to hand over certain monies earmarked for relief purposes to cities. There was nothing in the agreement which necessitated the provincial government granting the city a five cent piece, he stated.

On this point he contended that the injunction should be dissolved on the grounds that the plaintiff's statement of claim contained an allegation not substantiated in fact, quoting cases in support of his contention. Mr. Justice Twiesie said he did not intend to dissolve the injunction on the motion advanced by the argument.

He also urged that as no loss had been sustained by the plaintiff he could not succeed with the action. The portion of the statement of claim not in accordance with fact was that which purported there was an agreement between the provincial and federal governments under which the province was compelled to hand over certain monies earmarked for relief purposes to cities.

No such agreement was in existence, he stated, and produced an affidavit from Hon. Charles Cockroft, provincial treasurer, supporting this contention.

Continuing his argument Mr. Field submitted exhibits showing the rights of the Dominion and provincial governments relative to the issuance of money. Eastbourne Picks Peg Girl Queen

Eastbourne, Ont., Aug. 22.—The annual grand jury returned the Black Legion returned indictments Friday against 22 alleged officers of the notorious organization charging them with criminal syndicalism.

Miss Mary McIntyre of Winnipeg, who has been chosen Queen of Eastbourne's hospital carnival in England. Miss McIntyre's statement will be given by girls from other European countries.

At the same time in Circuit Judge Joseph A. Moynihan's court three Black Legion members convicted August 7 of falsely impersonating Robert Penland, Brown steel worker, were sentenced to serve from three to five years. The two sentenced were Frederick A. Fuly and Thomas A. Cox.

Arrested, convicted with them was not sentenced, but was arraigned on a supplemental information charging he had been charged with the theft of \$1000 from Warren, O. June 12, 1935. He stood mute and the arraigning was continued until Oct. 26.

Birds possess both the keenest and most farsighted vision.

There was no loss to the city on the \$55,000 as the province had promised to redeem that amount on the first redemption date in September, added Mr. Wilson.

Mr. Justice Twiesie indicated possible doubt of this redemption on the fact that saving certificates were not being redeemed. Rather than a loss to the city, Wilson contended, there would be a gain of \$50,000 in additional certificates given by the provincial government.

Asked by Mr. Justice Twiesie if any pressure, such as threat to discontinue relief grants, had been made to induce the city to enter the agreement, Mr. Wilson said "he did not know," but added, "if the agreement was not entered into the city might not get anything."

Under the provisions of the 1933 provincial relief act the city council had power to enter into the agreement to accept properly certificates for relief purposes. Mr. Wilson contended.

NEXT WEDNESDAY

T. E. Garfield, city solicitor, argued that the plaintiff did not have the right to bring action until the resolution of council has been set aside and after 30 days notice had been given the city of notice of the city charter, he stated, which had not been complied with and asked that the injunction be dissolved on that ground.

Mr. Justice Twiesie intimated he had argument from counsel opposing the agreement on the points of reference raised, asking for the dissolving of the injunction on resumption of the case Wednesday morning.

He also urged that as no loss had been sustained by the plaintiff he could not succeed with the action. The portion of the statement of claim not in accordance with fact was that which purported there was an agreement between the provincial and federal governments under which the province was compelled to hand over certain monies earmarked for relief purposes to cities.

No such agreement was in existence, he stated, and produced an affidavit from Hon. Charles Cockroft, provincial treasurer, supporting this contention.

Mr. Field said the reason for vesting the sole power to issue money in the Dominion was to make it possible to have a medium of exchange that would be readily acceptable in all provinces of the Dominion. He defined money as a commodity that passed freely from hand to hand being accepted readily in payment of bills and in the purchase of commodities without depending on the credit of the person tendering it.

These property bonds are being issued to the city by the Dominion government, he contended, to be taken in exchange for utility service. They are to be used as a substitute for money, and as such contravene the British North America Act.

He contended that if the province was permitted to issue these certificates there would be three types of currency in Alberta, that issued by the Dominion government, that issued by banks under power vested in them by federal legislation, and property certificates issued by the province.

Continuing his argument Mr. Field submitted exhibits showing the rights of the Dominion and provincial governments relative to the issuance of money. Under the British North America Act, he contended, the right to issue money was vested in the Dominion, the issuance of any form of scrip to be circulated in the manner of currency would therefore be ultra vires of the provincial legislature.

He claimed that property bonds issued against the bank act. Their use was the same as Dominion dollar bills, and on one side there was a resemblance to the instrument. He contended that a property certificate could be easily passed as a bank bill.

There was no doubt the property certificates were meant to circulate as money. The very preamble of the Dominion Measures Act which stated that the present monetary system was obsolete and that indication, it was significant that no other provision had attempted such a scheme, he argued. It was "very evident they had not done so," he contended, and therefore did not attempt such action.

Mr. Field said the reason for vesting the sole power to issue money in the Dominion was to make it possible to have a medium of exchange that would be readily acceptable in all provinces of the Dominion. Defence Minister Wrathful At Lord Elbank's Speech

OTTAWA, Aug. 21.—We are Canadians here and we don't want any persecuting imperialists to dictate our defence policies," declared Defence Minister Ian MacKenzie today, commenting on the reports of a speech in Toronto by Lord Elbank, president of the British Central Chamber of Commerce. Lord Elbank spoke of the vulnerability of Canada in the event of a war and declared that if Great Britain were involved in a war Canada could not keep out of it.

"I should think," the defence minister declared, "that Lord Elbank should adopt the

HENRY FONDA STARRING ON STRAND BILL

With Pat Paterson, George Barbier in "Spend-thrift"

Top-notch entertainment, provided by some of the screen's best talent in a story really combining romance and humor, makes the new offering of the Strand Theatre, Walter Wagner's "Spend-thrift," which opened Tuesday.

Chief roles in the screen play of a millionaire youth who had lost his fortune to find the right girl are carried by Henry Fonda, young Paramount star, Pat Paterson, petite blonde English actress who plays her last part as a new woman in contrast to the film, and Mary Brian, cast for the first time in her screen career as a vicarious "brave" the role of a Southern belle who is revealed as a gold digger and fortune hunter.

George Barbier, veteran character actor who played his last screen role in "Spend-thrift" as the crooked uncle of Fonda, is aided by Hildy Hobbs, Richard Carle and J. M. Kerrigan in packing the story with skilled comedy.

The story introduces Fonda as a play-acting socialite who has run through \$25,000,000 in his happy-go-lucky habit of always finding the bill. Broke, he sells a drive of polo ponies to get to the Kentucky Derby, hoping to make a comeback by winning the race with his last filly.

PRINCESS HAS DICKENS YARN

Freddie Bartholomew, who electrified the world with his performance of the young "David Copperfield" in a film of the Dickens classic made his stage debut at the age of three, reciting a poem at a recital in Warrimour, Wiltshire, England. He was an inimitable success and he has never had a flop since.

Now at the age of 11 he is the star of Selznick International's production of "Little Lord Fauntleroy," which comes to the Princess theatre today, with lovely Dolores Costello Barrymore making her return to the screen costarring her in the role of "Cousin Jane."

Freddie was born in London, March 28, 1924, the son of a government employee. Most of his life he has spent with his first mother, Millicent Barrymore, who decided, following Freddie's success in the play, that he should be an actor and has been his trainer and manager ever since.

Freddie came to Hollywood, the child star's appearance had been heard to benefit and concert parties.

SCIENTIFIC MYSTERY, SINGING COWBOY, ARE RIALTO'S OFFERINGS

MAJOR AND MINOR NOTES

Edward Grouce, formerly of Grouce, Ont., and one of the best tenors of the day, who is now general manager of the Metropolitan Opera Association in New York has a new idea, which might benefit some singers, that he should subject to approval of company directors, a "minor league" singer, not to train singers. Opera performances with the embryo stars would be given at a cost price of \$1. A program of six weeks is planned, following the regular season of 14 weeks.

Mr. Johnson is giving a young actress a chance at the Met. She is Marion Clark, a Little Lord Fauntleroy, who has been singing abroad for four years. Her real name is Frances Smith. Two years ago she sang for the first time at the Chicago Opera Association.

Richard Crooks, who made such a hit when he appeared here last season under the banner of the Women's Musical Club is at present on his first tour of Australia. He has met with a wonderful reception. He went to Melbourne for two concerts and was up by giving 12. Those who heard here will not be disappointed.

W. G. Stachan, prominent city business man has been spending a few days at Calgary.

Mr. and Mrs. Tom Gardner and Mr. and Mrs. Dennis Clayton are among the city musicians at present vacationing at the coast.

With the approach of a new musical season, most of the music teachers are returning from vacation and preparing for opening of teaching.

CONSTANCE PALMADORE, star of the silent film, recently married. Her husband, T. H. HITCHER, is rumored separated.

MARIE HELLINGER received \$15,000 for adapting her own story, "Six Girls and a Boy," for movie production.

MARY BRIAN returned to her Hollywood home from a tour to find the whole place redecorated and her pet dog, Reddy, had died in a red auto which she had bought.

JOHN COLLYER and STUART ERWIN, who were the work of JACK OAKIE, JIMMY GLEASON and JACK COLLYER, are now in the film and must get the drawl back again.

KNOCK, KNOCK, WHO'S THERE? JUNE! JUNE WHO? JUNE IAN BILL GRETA HUNT ROBISON THE WOODS?

Dear Diary

Yes, it's Mary Astor back in pictures; not news-pictures of her sensational court case, but a scientific mystery thriller, "Trapped by Television," opening on a double feature bill at the Rialto Monday.

An unusual musical program, supplies the background for the melodramatic, beautiful story, "The Green Pastures," the Warner Bros. picture which comes to the Capitol theatre for a week's run, commencing today.

This program of songs, comprising 23 songs, two of which were specially written for the screen version, is sung by the Hall Johnson Choir, one of the finest groups of spiritual singers in the world. This group of more than fifty negroes is of sufficient importance to be asked to give a program each summer with the New York Philharmonic Orchestra in its Lewisohn Stadium series.

The choir, brought to California especially for the picture, is made up of people who, by tradition, upbringing and racial intuition, know and feel the deep religious impulses behind the music.

Bill Johnson, himself, probably the greatest musician of his race, and the choir's leader, is being heard in southern folk songs, conducts the choir. The leader has made all of them.

MARC CONNELLY'S 'GREEN PASTURES' SCREENS CAPITOL

The songs include, "Oh, Rise and Shine," "Run, Run, Run," "Stone O' Day Day," "I Wait in the Breezy," "Go Down, Moses," "Joshua Fit de Battle of Jericho," "De Ole Ark a Moverin'," and "Dear de Land." "The Green Pastures," the author of the stage production, who collaborated on the screen play with Sheridan Gibney, and co-directed it with William Keighly, declares that the picture is vastly superior to the stage show.

"Spectacles we could only talk about on the stage," said Connelly, "now actually bring before the eyes of the audience."

The story, based on Henrik Ronsbo's novel, is highly humorous. The story, based on Henrik Ronsbo's novel, is highly humorous. The story, based on Henrik Ronsbo's novel, is highly humorous.

Falling in Love Again

It's no longer whispered by the Hollywood gossip columnists that Jean Harlow and William Powell are "that way" about each other; it's known from here to there that the bride party will take off one of these days for Yuma, Arizona, the great Talkie Town, hiding out. La Harlow will be seen at the Capitol in "Story" following the closing of the "Green Pastures" engagement.

The romantic climax of the film comes in a crowded, courtship where Taylor and Miss Young meet again, and it is a matter of whether or not their love can continue to exist is answered.

Hollywood Gossip

INTIMATE GLIMPSES AND INSIDE STUFF ON THE MOVIE COLONY

By PAUL HARRISON

The average movie star doesn't know a bell when he's not in a martini, but many of them do know the social events going on in the sea in yards.

It's not hard to know, anyway, what the terms are for, after all, board, port and sherry. Hired ships and crew take care of them.

In length, he'll probably go to the beach, and he'll probably go to the beach, and he'll probably go to the beach.

Dinnerware Is Feature

Lady Patrons of the Rialto theatre are reminded that the larger pieces of "Breath of Fire" will be given away on Monday, Tuesday and Wednesday afternoon and evening of this coming week.

Patrons are advised that the larger pieces of "Breath of Fire" will be given away on Monday, Tuesday and Wednesday afternoon and evening of this coming week.

FANS EXPECT HIS DEADPAN SAYS SPARKS

Sourpuss Can't Smile — Would Shock His Public

VICTORIA, Aug. 22.—Ned Sparks, "deadpan" comedian of Hollywood fame, said on arrival here for a holiday he was tired of being in London and New York and Hollywood. "I'm a Canadian," he said.

He is interested in Canadian politics. "Mirth Hepburn is a pal of mine," he said. "I used to live four miles from him in Ontario."

Asked, he ever missed, Sparks said, "repeatedly—but I expected not to be in public, and I hate to disappoint them."

Of course I like the stage best, he said. "The old tradition keeps knocking at the door. It's a big life, legitimate and worth while. You're in close contact with your audience. It's not just cold acting all the time."

Stop Press News

Breakfast as a spent courier should be, a Warner Bros. publicist came to this end and ended with the following: "The picture is being shown in the city of Los Angeles, California, and it is a very good picture."

The picture is being shown in the city of Los Angeles, California, and it is a very good picture.

THEATRES WILL BE KIDS' HOSTS

Whoopee. What a time it is for the fortunate children, guests of the Princess Theatre, the Strand and the Empress Theatre, who are invited to a special children's party on Monday, Tuesday and Wednesday afternoon and evening of this coming week.

Patrons are advised that the larger pieces of "Breath of Fire" will be given away on Monday, Tuesday and Wednesday afternoon and evening of this coming week.

1,95 Sign Up For Registration

RED DEER, Aug. 22.—Even though a minority of citizens signed registration forms for Social Credit dividends at Red Deer on Monday, Tuesday and Wednesday, there are still around 200 forms out and it is likely that most of them will be returned and signed. The total put in Red Deer at the last election was 1,371, and of this the Social Credit candidate received 661. The registration took in more territory than the election did as some farmers signed here.

RUBY KEELER STARTED THE TAP DANCE CRAZE IN HOLLYWOOD

SINCE 1933, when "42nd Street" was released, many dancing girls have tapped their way to fame in Hollywood. But none have been as consistently held the spotlight as has Ruby Keeler.

Not at all the "whoopie" type, but rather the demure, little girl type, Ruby was the girl who broke the ice and blazed the tap dance trail which so many have followed successfully.

It was in "42nd Street," that both she and Dick Powell made their first film appearance in leading parts. Since that time they have been teamed together in "Shipmates Forever," "Dames," "Flirtation Walk" and "Colleen."

It was something new for films to take two unknowns and place them in leading roles as in important a production as "42nd Street," and it was also new to stress individual dancers rather than choruses.

The picture was a huge box office success, and the nation's top dancers were soon being called to Hollywood for musical pictures.

But despite all of the competition, Ruby has stayed at the top and is still one of the leading dancing stars of the film capital.

When Ruby Keeler's flying feet set Hollywood sound stages afire she started a wholesale fire of first-class hoofers headed for Talcott Town. Eleanor Powell, Fred Astaire led the parade. Latest arrival is Olympe Bradna, French dancing star, shown here. Just turned eighteen, she is already a Hollywood trend and her producers are searching for her first starring vehicle.

OLYMPE BRADNA

"Romeo" Premiered Acclaimed In N.Y.

NEW YORK, Aug. 22.—Hollywood has given the world "Romeo and Juliet" in sound and the impression is general here that it is the cinema's most successful and engaging production to the Bard of Avon.

In the words of one critic, this Shakespearean classic has been filmed "with rare good taste and surprising resourcefulness."

The consensus is that Norma Shearer of Montreal as Juliet, Leslie Howard of England as Romeo and John Barrymore of the Harpocrates, as Mercutio, are splendidly cast.

Joan's Daughter Now Miss Marley

LOS ANGELES, Aug. 22.—After Joan Bennett, screen actress, and her husband, Gene Markey, had appeared on the witness stand yesterday, Superior Judge Arthur C. J. Ryan granted her former daughter, Diana Bennett Fox, to Diana Bennett Markey.

Criminal Thought

An engaged, if hapless, girl in Cleveland describes her misadventure as "Banned and Chalky Gable."

"Holy mackerel, does the girl know what she's doing! Does she want to be held responsible when the man gets killed in the rush?"

Brokers Pay Big Sum To Actress

LOS ANGELES, Aug. 22.—Mary Miles Minter, star of the silent screen, and her mother and sister received \$125,000 in settlement of her suit against Blyth and company, brokers, to recover embezzled income, was estimated at over \$600,000, it was disclosed in superior court today.

Twice a year, Michael Balcon, the British movie tycoon, comes to Hollywood to watch stars for British pictures. He frankly admitted that the only way they can sell British films in America.

PEACE RIVER

Cutting Now General Over Entire Province Declared By Officials

Peace River Crop To Average 25 to 30 Bushels —No Frost Damage Yet Reported To Government

Grain cutting in the Edmonton district is well under way and average wheat yields in this area are expected to run from 15 to 18 bushels, according to provincial government officials. Further north, in the Peace River district, the yield will be with preliminary estimates running from 25 to 30 bushels of wheat and up to 50 bushels of oats.

In full swing. In the southern part of the province, the harvest is well under way, with cutting commencing and threshing in full swing. In the Peace River district, the yield will be with preliminary estimates running at an average of 25 to 30 bushels of wheat and up to 50 bushels in some sections.

Much farm work is being done by the province, state officials.

PITIFUL PLEAS ARE MADE FOR NEEDS OF LIFE

Welfare Bureau Appeals For Cast-Off Clothing and Shoes

Appeal to the great hearted public of Edmonton and district is made by the Catholic Welfare Bureau for clothing of all kinds to relieve many hundreds of cases of pitiful and dire want.

Look again in the cupboard, where you will be found many articles of clothing, boots, shoes, children's requisites, bedding and the like which could be utilized to relieve the spectacle of suffering in the midst of plenty.

The bureau has been able to cope with the emergency of the winter, to help many hundreds of cases. It had been hoped that the winter would be a season of comparative ease, but the winter has been a season of comparative ease, but the winter has been a season of comparative ease.

Urgent and pitiful appeals are reaching the bureau daily. They are deserving cases which have been thoroughly investigated. If the ones, boys and girls, parents, and the aged, who are in need of help, are not helped, they will be in a worse state than ever.

Communist M.P. Arrives Monday To Speak Here

William Gallacher, Communist M.P. in the British House of Commons, will arrive in the city on Monday morning at 10 a.m. and will speak at the Communist party.

His subject will be "Motherland, Motherland and Motherland." Many people formerly from Mr. Gallacher's constituency now residing in the city will be given an opportunity to meet him in the hall of the National Hotel from 2 to 6 p.m. on Monday afternoon.

GIRL FLIER IS STILL DELAYED

Word was still being awaited at the city airport Saturday morning from Miss Evelyn Hudson, girl flyer en route to Chicago. Los Angeles, where she was forced down at Bonner's Ferry in Idaho late Thursday night by bad weather.

According to the last announcement from Miss Hudson, she planned to take off to continue her flight to Edmonton as soon as the weather cleared. Her flight was anticipated sometime today. The delay in her flight was due to bad weather.

Whoooping Cough Cases On Increase

Whoooping cough cases are rising in the city again, an increase of over 200 per cent being recorded during the week ending September 1st. It was disclosed by the health board report filed with the city clerk.

Other communicable diseases, to show increase are chicken pox and scarlet fever. In the case of scarlet fever, the number of cases reported during the week ending September 1st was 14, with two extra cases of scarlet fever reported during the week ending September 1st.

Mr. and Mrs. D. McNeil, of Dawson Creek, visiting in the city. Mr. and Mrs. B. C. Call, of Edmonton, visiting in the city. Mr. and Mrs. A. W. McMillan, of Edmonton, visiting in the city.

Mr. and Mrs. S. O'Brien, of Edmonton, returning from the Wynn excursion. At the Royal George. D. H. Koeft, of Brownsville, returning from a holiday trip to the coast. At the Royal George.

Who's Who

William J. Hendra, ALM. William J. Hendra, musician, 100 100 street, Edmonton. Born 1912 at Abertown, South Wales, son of J. S. Hendra and Elizabeth Labell. Educated at Abertown. Married on October 13, 1917, to A. J. Grest, of Abertown. Has two daughters, Edna and Amy. Started professional career in Edmonton with the Edmonton City Orchestra in 1919 and in 1920 joined Alberta College staff with whom he has been since.

His wife was driving the car, he said, and she was a bad habit of talking and not giving any attention to where she is driving. When she saw the number in the paper, she was surprised to find that she was driving the car.

Mr. and Mrs. A. J. Grest, of Abertown, South Wales, son of J. S. Hendra and Elizabeth Labell. Educated at Abertown. Married on October 13, 1917, to A. J. Grest, of Abertown. Has two daughters, Edna and Amy. Started professional career in Edmonton with the Edmonton City Orchestra in 1919 and in 1920 joined Alberta College staff with whom he has been since.

Mr. and Mrs. A. J. Grest, of Abertown, South Wales, son of J. S. Hendra and Elizabeth Labell. Educated at Abertown. Married on October 13, 1917, to A. J. Grest, of Abertown. Has two daughters, Edna and Amy. Started professional career in Edmonton with the Edmonton City Orchestra in 1919 and in 1920 joined Alberta College staff with whom he has been since.

His wife was driving the car, he said, and she was a bad habit of talking and not giving any attention to where she is driving. When she saw the number in the paper, she was surprised to find that she was driving the car.

12 MOTORISTS SUMMONED IN TRAFFIC COURT

Eight Speeders and Four Non-Stop Sign Violators Fined

Summons for 12 motorists caught breaking traffic regulations were issued by the Traffic Court today. The court was held in the city hall.

There were altogether ten motorists summoned for speeding and the other four for driving through red lights. The court was held in the city hall.

I Saw Today

Edmonton's Most Radiant Maids Found in Ranks of Lunch Counter Hostesses

Ever good natured, no matter how torrid grows the day nor how impatient becomes the fickle public, Edmonton's lunch counter hostesses, admittedly girls chosen from among the loveliest of the city's beautiful, belle the old axiom that "every trade has its trials." If there are any "trials," the lunch counter hostesses make it all beaming with a radiant smile. It is on the hottest days when hungry humanity deserts the stuffier dining places and flocks to the light lunch counters, where under the cooling breezes from ceiling fans, famished, querulous, man gives his order for a "ham or brown," or an enticing "cheese on rye," accompanied either by a cup of steaming hot coffee or an ice-cold drink, the girls are at their best.

For mere man wants more than a meal. He wants the smile that goes with it—and he gets it.

No extra charge. Watching the girls who fit back and forth between the lunch counter in a busy establishment here in Calgary and the most efficient customers in a tacit manner.

For the examples of the old maxim, "the customer is always right," they smiled even when a waiter miscalculated and forgot his own order.

Apologizing for a cup of coffee was withdrawn with the state, "what a day, I'm sorry, I thought you said coffee" to a customer who really had said coffee.

Take orders, direct, suggest, and turning tips for glassware, the girls are never too rushed to take a laughing response to the latest winks and smiles from the latest waitresses on the smart looking hostesses.

Here is a quartet of lunch counter hostesses who lend charm to their vocation, read from the top down: a Vinton Kool, Hannah Barron, Lilian Quiring and Mildred Scott. They are but four of a score of winsome Misses who serve the bread.

waves tucked behind their small caps, who stand against a background of shining chrome and sparkling glass and pile of oranges, who smile and say, "What will it be for you today?"

Bulletin's New Home Is Nearing Completion: Soon Open For Inspection

Installation of Equipment Completed—Is Air Conditioned

Rapidly nearing completion The Bulletin's "Home of Tomorrow" located at 102nd Avenue and St. Georges Crescent will soon be thrown open for inspection. This week the installation of the General Electric equipment was completed. The modern home is now fully equipped with an air conditioning plant, electric refrigeration, all the latest kitchen and household appliances. Installed under the direction of the engineering staff of the General Electric Company.

VITA GLASS INSTALLED

All Vita Glass windows have also been built in under direction of Hamilton Brothers (Canada) Limited, experts, and the walls of both bathroom and kitchen are now being covered with the Vitaflex glass finish, which besides being colorful and the last word in durability is also the acme of cleanliness and sanitary hygiene. In the kitchen is also installed the famous Monel Metal Kitchen Sink, built along classic lines, sanitary, easily kept clean and a model of ornamentation and utility in any kitchen.

The Monel Metal sink was designed and made by the International Nickel Products Limited of Canada. Descending in the hands of the Alberta Electrician, is also prominent in the garden and acre in being undertaken by Northwest Nurseries. Experts from all the firms engaged in the erection of the new, modern, small home are co-operating in getting the building ready for public inspection at a date to be announced shortly, and when completed The Bulletin's "Home of Tomorrow" will be all that the name implies.

NEETS CLIMATIC CONDITIONS

Erected to show what can be done by Canadian workmen using Canadian materials to fill Canada's home to fit the needs of the average Canadian family of moderate income built especially to meet climatic conditions in Canada, able to keep out the heat in summer and the cold in winter, and modern in every respect, the new home has already been visited by hundreds of citizens of Edmonton and the surrounding district. The design conforms with the prize winning design chosen by six leading architects of Canada from 285 designs submitted by Canadian architects from the Atlantic to the Pacific at the request of the Dominion Housing Act brought down to stimulate building in Canada on a scale never before attempted, and which will not only in large measure help Canada's unemployment problem, but which will insure that Canadians are housed in modern, healthy houses with every form of labor device, and at a price within the range of the average pocket-book.

WILL BE RE-OPENER

When thrown open for inspection the home will be fully furnished and Canadian housewives and home owners will be given an opportunity of seeing what can be done by Canadian workmen using Canadian materials and equipment, to build a real Canadian home for Canadians. The home has been erected under the supervision of E. Litchfield, well known Edmonton home builder.

Chief Smuggler Gets Five Years

MONTREAL, Aug. 22.—Self-confessed member of an international smuggling ring, Arthur Lustig, 43-year-old native of Brussels, was fined \$1,000 and sentenced to five years imprisonment Friday for illegally purchasing and smuggling opium valued at \$25,000.

Lustig, a steward of an ocean liner, was arrested a month ago by Royal Canadian Mounted Police officers who had been advised of his activities by Scotland Yard. One pound of opium was found on his person while a search of the vessel revealed another 15 pounds hidden in a room where Lustig worked.

EDMONTON IS 1,200 HOUSES BELOW NEEDS

400 Homes Must be Erected Annually to Reach Normal

Edmonton's housing situation is at least 1,200 below requirements, stated J. Lorne Melish, secretary of the Edmonton Builders' Exchange. This means that members of the building trades here have been deprived of well over \$2,000,000 during the last five years in wages through the depression. It is estimated that it will be necessary to erect at least 400 houses annually during the next five years to meet normal demand, he added.

Not only is there a shortage of new houses, but there are at least 2,000 dwellings in the city which are semi-vacant on which a considerable amount would be spent for renovation and improvement if financial confidence were restored, stated Mr. Melish.

LOWER RENTS NEEDED

Lack of small houses at reasonable rents has resulted in overcrowding. This has resulted in sickness amongst occupants, and the taxpayers large sums of money for medical and hospitalization fees. This means extra taxes at a time when those paying taxes are least able to bear the burden, he continued. It has also resulted in increased insurance rates, stated Mr. Melish.

MARKED IMPROVEMENT

In Britain although the government had submitted agricultural, coal and shipping industry and other industrial activities it was not until the housing and slum clearing schemes were undertaken that any marked improvement was noted in unemployment.

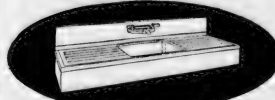

Even the British government's bitter critics have a good word to say for the housing program. It has aided capital goods industries, generally stimulated employment, and apparently at the same time, encouraged private industry, for in the last few months, according to advisers from Britain, private house building has increased at an even faster rate than the construction aided by the government, he stated.

Under the Dominion Housing Act money is provided for the erection of new homes in Canada, and municipalities with courage and conviction can participate in its benefits, he concluded.

The automotive industry was the largest single user of advertising in American newspapers last year.

Featured in the "HOME OF TO-MORROW"

The Monel Metal Sink was installed in Canada's most modern home because of its practical features as well as its beauty. Inspect it and you will find out why. Your plumber will give you full details. Literature upon request.

GAS for Home
Heating

12

Months
To Pay

FOR GAS SERVICE INSTALLATION

No Down Payment Required

Now Is the Time to Hook Up with "CLEAN HEAT" in Your Home

Natural Gas marches on in the service of Better Living as more and more homes are heating with this modern fuel. Many home owners are taking advantage of the convenient payment plan on Gas Service Installation. They're through with stuffy kitchens—ashes—kindling—dust—sudden chills—shovelling. Just think... this Fall they will slip downstairs and touch a match to the tiny pilot flame, and then 'till it's time to oil up the lawn mower next summer, no heating worries.

Remember, the budget plan covers the cost of interior piping as well. Another important feature is that the installation of Gas Heat places you in line for the low House Heating Rate, for all the Gas you use for Cooking... Home Heating... Water heating... Garage Heating, etc.

Free Survey and Estimate

Phone your Gas Company today at 22121 or call at their offices and arrange for FREE survey and estimate on complete installation and operating cost for your home. There's no obligation.

WHEAT FUTURES PRICED DULLY

Winnipeg, Aug. 22.—Wheat futures for the first time since the outbreak of the war have been priced dully.

YELLOWKNIFE MINING WORK PROGRESSING

Memorable Progress Being Made—Vein Explored For 910 Feet

Recent reports from mining prospectors in the Yukon Territory indicate that the Yukon vein has been explored to a depth of 910 feet. The vein is reported to be a rich source of gold and silver.

MONEY ORDERS in CANADIAN, UNITED STATES and STERLING FUNDS

Money Orders drawn in Canadian funds are payable at par at all banks in Canada excepting the Yukon District.

Money Orders in Sterling are drawn on London and may be cashed in all countries at current rates of exchange.

Use More Medicine

LONDON, Aug. 12.—The growing suspicion of medicine in England is weakening Sir Kenneth Clark, Minister of Health. "We rapidly becoming a nation of medicine drinkers," he said in a speech to the House of Commons. "The cost of medicine per head in Britain," he said, is double that in France."

The grayfish has its eyes mounted on stalks, and can draw them in and out.

THIS CURIOUS WORLD

The ARCHER FISH

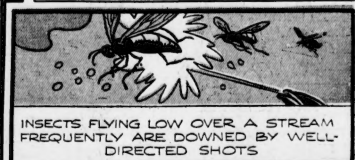

FOR CENTURIES, STORIES CAME FROM THE EAST INDIES ABOUT A STRANGE FISH THAT KNOCKED INSECTS FROM OVERHANGING LEAVES, WITH WELL-AIMED STREAMS OF WATER, EJECTED FROM THE MOUTH, BUT PEOPLE FOUND IT HARD TO BELIEVE THE STORIES.

TODAY, A NUMBER OF THESE ARCHER FISH ARE IN CAPTIVITY, WHERE THEY DEMONSTRATE THEIR MARKSMANSHIP FOR THOSE WHO CARE TO SEE. THEY CAN KNOCK AN INSECT FROM ITS PERCH AT A DISTANCE OF FIVE FEET, AND THEY SELDOM MISS, IF THE TARGET IS WITHIN REACH.

A SCIENTIFIC STUDY OF THE FISH SHOWS THAT, BY PLACING ITS TONGUE AGAINST THE ROOF OF THE MOUTH, A SLENDER, BLOW-PIPE IS FORMED. THROUGH THIS, WATER IS FORCED UNDER PRESSURE.

INSECTS FLYING LOW OVER A STREAM FREQUENTLY ARE DOWNED BY WELL-DIRECTED SHOTS

THERE ARE AUTHENTIC CASES KNOWN WHERE ARCHER FISH ACTUALLY EXTINGUISHED THE CIGARETTES OF SMOKERS STANDING ON THE BANKS OF A POOL.

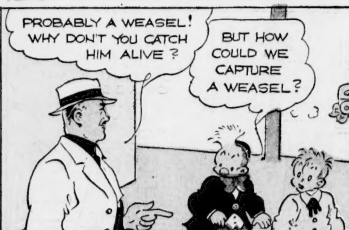

FRECKLES AND HIS FRIENDS

By Blosser

MR. BRADLEY, SOMETHIN'S BEEN GETTING INTO OUR CHICKEN COOP AND EATING EGGS AND KILLING CHICKENS! WHAT WOULD IT BE?

HEAR AND SEE JESS' BRADLEY IN PERSON WILD ANIMALS

PROBABLY A WEASEL! WHY DON'T YOU CATCH HIM ALIVE?

BUT HOW COULD WE CAPTURE A WEASEL?

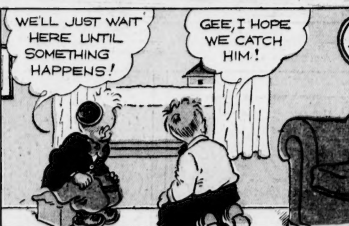

JUST AS YOU SAW ME CAPTURE WILD ANIMALS IN MY PICTURE! USE A SNARE FASTENED TO A BENT SAPLING!

OKAY! I THINK I KNOW HOW!

CHON, OSSIE!!

NOW WHEN THE WEASEL GOES FOR THE BAIT, HE TRIPS THE TRIGGER AND RELEASES THE TREE... AND WHAM! THE NOOSE CATCHES HIM!

WE'LL JUST WAIT HERE UNTIL SOMETHING HAPPENS!

GEE, I HOPE WE CATCH HIM!

HOT DIGGETY, TAG...WE GOT HIM! YOU HOLD THE ROPE AND I'LL TAKE THE NOOSE OFF HIM!

GOSH, OSSIE!!

YOU SAID IT, TAG!

MR. BRADLEY, WOULD YOU MIND DESCRIBING A WEASEL?

"Out

on the open range with the real "drawn from the woods" buckaroos. In the machine shop among the boys with the overalls and lunch pails. Just a cross section of life taken from

Our

daily lives. A human interest picture of the family at home. It might be your house or mine. You'll get the subtle humor in every cartoon of The Bulletin's daily feature, "Out Our

Way"
